CORPUS JURIS SECUNDUM SPECIAL OFFER ADD-ON*

Database CJS

DESCRIPTION

Corpus Juris Secundum (CJS), a Westlaw Canada exclusive, is a comprehensive legal encyclopedia containing over 400 topics that are cited and quoted as authority in courtrooms across the United States. In each article, the broad principles of the law are explained and developed in concert with the way they must be applied by the lawyer and the courts. CJS includes citations to both state and federal court cases, providing the user a full perspective of the law locally and nationally. CJS is a great resource for gaining an overview of a particular area of law, as well as a refresher course for lawyers already familiar with the topic. A lawyer can refer to CJS to help identify a problem, determine if he or she has a case, and if so, if the case is worth pursuing.
