

Custom Pages on WestlawNext Canada

Create your own research experience

On WestlawNext[®] Canada, you can now create your own Custom Pages – Standard User Profile – personalized to your specific research needs. Build a page designed around the way you think and work, and stay in complete control of your research process. It's what you'd expect from a complete research system designed by legal professionals for legal professionals.

- Customize your pages with frequently searched content
- Add convenient tools such as *Find a Citation*, *KeyCite[®] a Citation*, *Folders*, and *Favourites*
- Send a Custom Page to a colleague down the hall
- Make a Custom Page your start page on WestlawNext Canada
- Create as many pages as you need – one for your jurisdiction or practice area

Search all of the content on your custom page or select specific content to search by using the check boxes

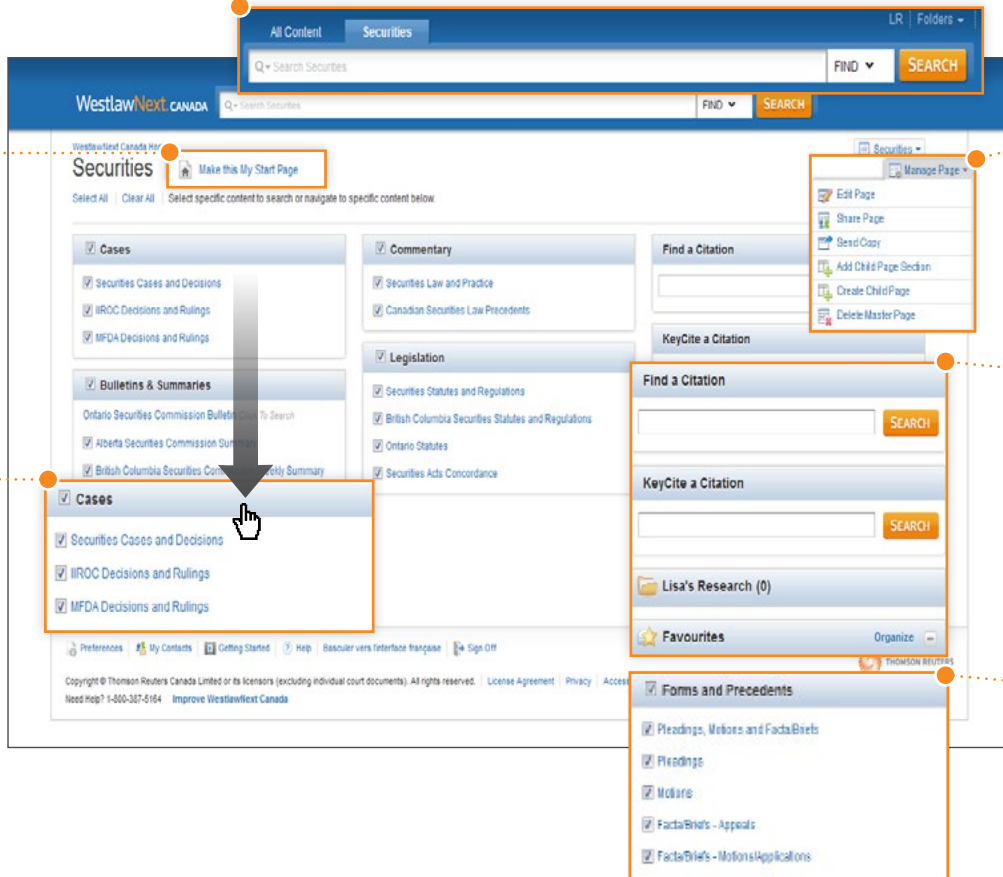

Make a custom page your start page

Manage your page with ease, edit it, send it to a colleague and add content and tools

Drag and drop sections of your page for easy organization

Add convenient tools to your search to further simplify your research

Search for content on your Custom Page the same way you would search anywhere else in WestlawNext Canada.
